MEMORANDUM FOR MR. SIDNEY W. SOUERS  
EXECUTIVE SECRETARY, NATIONAL SECURITY COUNCIL

Subject: The Central Intelligence Agency  
and National Organization for  
Intelligence, NSC 50 and Progress  
Report on NSC 50, October 7, 1949.

The receipt of the Progress Report of the CIA is acknowledged.\* Although it is noted that no action has been requested by the Director of Central Intelligence, the Department of State makes the following comment on the report, specifically with reference to paragraph 2 (2).

In paragraph 6 of NSC 50, the Council approved the recommendation of the Survey Group that out of the present Office of Reports and Estimates of CIA "there should be created (a) a small estimates division which would draw upon and review the specialized intelligence product of the departmental agencies in order to prepare coordinated national intelligence estimates and (b) a research and reports division to accomplish central research in, and coordinated production of, intelligence in recognized fields of common interest." The purpose of this organizational change was to facilitate the accomplishment of the objectives set forth in paragraph 5 of NSC 50, dealing with the production of national intelligence. The Council recognized, however, that there might be other methods of organization which would accomplish the same objectives.

The report indicates that the Director has elected to adopt an alternative method of organization to accomplish the objectives outlined in paragraph 5, but that the exact nature of this re-organization has not been fully determined.

\* Memo for NSC from Executive Secretary, same subject, dated October 10, 1949.

In view of the responsibility of the National Security Council for the implementation of NSC 50, perhaps it would be helpful to all concerned if the Director reported further on the organization he plans to adopt in furtherance of paragraph 6 when that has been determined. Such a report might extend to a review of other steps contemplated to achieve the objectives outlined in paragraph 5.
